Montgomery, Alabama 36106

RE: Freedom of Information Act Request No. 4-FOI-00711-11

Dear Ms. Cousins:

This letter concerns your Freedom of Information Act (FOIA) request of August 19, 2011, regarding the Capitol City Plume Superfund site located in Montgomery, Alabama.

Because of the need to examine a voluminous amount of records required by your request, we have placed it on the exceptional track for response. This is consistent with Open America, et. al. v. The Watergate Special Prosecution Force, et al. 547 F.2d 605 (D.C. Cir. 1976). Requests placed in our exceptional circumstances track are processed on a first-in, first-out basis in the order in which they were received. At present, we anticipate that the processing of your request will take approximately 60 days, which would be November 18, 2011.

On August 30, 2011, you informed Miriam Pressley, FOIA Specialist, by email that you wish to receive all records since 2003, including CERCLA Section 104 information request letters and responses. Pursuant to your telephone conversation with Ms. Pressley on September 20, 2011, you were advised of the need to provide the records in incremental portions. You were also informed that a limited portion of the records have been determined to be non-exempt and would be provided to you on CD-ROM as an enclosure to this letter.

Our proposed production schedule is outlined below:

First Scheduled Production Date:	September 30, 2011
Second Scheduled Production Date:	October 21, 2011
Final Scheduled Production Date:	November 18, 2011

Should you have questions, please contact Ms. Pressley at (404) 562-8677 or via email Pressley.Miriam@epa.gov.

Sincerely,

Lou Ann Gross, Chief
FOIA and Records Services Section
